It had been decided in Council Resolution of 24.6.15 that Lunatic Asylum Yd be part in charge of a separate officer who should be a specialist in the treatment of cases of insanity. ~~mental & nervous diseases.~~

688 24/3. In his letter no. C. 1275-4 of 26.2.20 forwarding, among other, the application of Mr. B. Krishnamurti Ra for the grant of a loan scholarship, if no free scholarships were available for 1 Year to specialize in England in the treatment of mental & nervous diseases. The Senior Surgeon has said "I do not bel that Specialization in the treatment of mental diseases could possibly be attained in the short period of one Year. T be a Specialist in this branch of medica Science, one will have to spend many Years in handling & closely observing the Cases & patiently weighing the results und various Conditions". But Mr. Noronha says that the period of training & examination does not cover more than 6 months. There are thus 2 Candidates who want to specialize in mental & nervous diseases, Mr. Krishnamurti Rao & Mr. Noronha; the former will be

a) The M.O. suggests that the applicant may be asked to specialize in nervous & mental diseases.

5 Yes. He wants a Specialist for training nursing nervous diseases - has not the question been raised in connection with the Senior Surgeon asked to make suitable arrangements.

3/4

6 No; it has been decided at a meeting of the Council held on 26th June 1919 that the proposal to place the Asylum under a Specialist may be approved. But in the Govt. Order dated 16/9/19, this point was not made quite clear as it was probably thought that there was no Specialist in Mental Diseases available at the time. All the same, the Senior Surgeon was requested in that order to improve the Asylum & its internal management.

From

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

5:5913
8/3/20

In continuation of my letter No. C. 1275-4, dated 26th February 1920, I have the honor to forward herewith for favor of orders a representation from 1st Grade Assistant Surgeon Mr. F. Noronha, MB, CM, praying for the grant of necessary facilities to enable him to proceed to England to obtain a diploma of the Cambridge University in Psychological Medicine, after a course of study which is reported to occupy not more than six months.

I have the honor to be,

Sir,

Your most obedient servant,

T. Arumugum

Senior Surgeon.

From

C.1275-6
2-3-20

Mr. F.Noronha M.B.C.M.,
Assistant Surgeon 1st Grade
Personal Assistant to the Senior Surgeon.

To

Rajakarya Pravina Rao Bahadur
T.V.Arumugum Mudaliar Esq., M.B.C.M.,
Senior Surgeon with the Govt., of H.H.
the Maharaja of Mysore.

Sir,

I have the honor to inform you that for the past few months I have been interested in Psychotherapy and from the information that I have so far gathered I am convinced that there is sufficient scope in our State for the practical application of this branch of Medical Science.

2. Much prominence has been given to this subject, since the late war, when several cases of psychosis and nerviosis directly due to the strain of war have been successfully treated by psychological methods.

3. The significance of mental element in other diseases than those of the nervous system - even in surgical affections - is recognised and eminent medical men now realise that psychiatry furnishes the explantion of many illnesses and diseases and that it is a powerful agent in relieving chronic pain, distress and anxiety.

4. The medical inspection of school children has intensified the need for a considerable knowledge of mental processes and the effect of these processes on the well-being of the individual.

5. Mental analysis in Criminal cases is of great value because the crime in many cases for which the prisoner is convicted is not the cause of his going wrong and is not the condition which requires treatment. This is especially true of Juvenile convicts and psychotherapy is an important factor in promoting efficiency and in strengthening character.

6. If, as is likely, a new Lunatic Asylum is to be built in

in Bangalore in the near future it will be necessary to train an officer to run the Asylum on modern lines. Patients suffering from mental diseases were hitherto considered as a class apart but this idea is being abandoned now-a-days and the cure of mental conditions is cultivated as a specialism.

7. That the treatment of mental & disorders on scientific lines is receiving increased attention is seen from the fact that Diplomas in psychological medicine have been instituted by five Universities in the United Kingdom Viz., Manchester, Leeds, Edinburgh, Cambridge and Durham.

8. The preventive side of nervous disorders, which has been neglected so far, is being developed in several mental hospitals in England.

9. Considering the great scope there is for the practical application of psychotherpy it is my desire to add to the little knowledge that I have so far acquired in this line by taking a diploma in psychological medicine at Cambridge. Particulars of the course and examination are herein enclosed.

10. I respectfully request you to recommend me to Government to give me the necessary facilities, so that by obtaining this special qualification I may make myself more useful to the State . From the enclosed particulars it will be seen that the period of training and examination does not cover more than six months.

I have the honor to be,

Sir,

Your most obedient servant,

Bangalore

2nd March 20.

Assistant Surgeon.
